

# CoffeeTalk Advertisers at the SCAA

**Agtron, Inc.**  
775.850.6600  
www.agtron.net

Many major coffee roasters are finding the Agtron E20-CP and M-Basic/II Coffee Roast Analyzers invaluable in controlling the quality and consistency of their coffee. These bench top units are the most accurate analyzers available for determining your coffee's exact degree of roast. Agtron also hosts innovative Scientific Coffee Roasting Workshops focusing on consistency and improved cup quality. These classes are taught by Mr. Carl Staub, known around the globe for his knowledge in coffee roasting science, he is also a recipient of the SCAA's Outstanding Contributions Award and a member of the SCAA's Technical Standards Committee. Visit us at www.agtron.net. See our ad on Page 23 / SCAA Booth#1719

**Cupcoat Expressions Inc**  
905.277.3313  
www.cupcoats.com

It's only a small thing, but at least it's something!! Come visit us at Booth #850. The reason being each eco-friendly, washable insulated fabric Cupcoat diverts 3-5lbs of garbage from landfills per person! Starbucks sells over 30 million cups a week so imagine the waste! We have many different designs or CUP FASHIONS (as many call our product), including high fashion, funky prints, seasonal, custom and charity cupcoats for fundraisers. Partial proceeds from EVERY Cupcoat sold goes to children's and environmental charities. We are working with some recycled fabrics - that would have ended up in landfills! See our ad on Page 45 / SCAA Booth#850

**DaVinci Gourmet/Oregon Chai/Jet**  
888.676.3832

**Filter Lid, LLC**  
800.246.0375  
www.filterlid.com

The Filter Lid™, winner of CoffeeTalk's 2007 World Tea Expo Best of Show Award, is revolutionizing the hot beverage industry! Convenient, simple and profitable, the Filter Lid™ creates incremental sales of both coffee and tea. To capture sales from loose tea lovers, there is now the ability to offer gourmet tea to go at less than half the cost of the leading gourmet tea bag. Simply add loose leaf tea, hot water and snap on the Filter Lid™ - it steeps in the cup while you're on-the-go. Same for French Press coffee! The Lid also reduces sloshing and helps keep drinks hotter, longer - a big benefit for both coffee and tea drinkers! Don't miss out on this truly revolutionary hot new product! See our ad on Page 7 / SCAA Booth#1054

**Flair Packaging International**
